Contents

1	Introduction	8
1.1	Herbst - Allrounder in Mixing and Stirring	8
2	Basics of the Mixing Technology	13
2.1	Principles	13
2.2	Basic Mixing Tasks	13
2.2.1	Homogenising	13
2.2.2	Suspending	14
2.2.3	Dispersing	14
2.2.4	Gasification	14
2.2.5	Heat Exchange	14
2.2.6	Emulsifying	14
2.3	Viscosity and Flow Property	15
2.4	Performance Equation	16
2.5	Scale-up	17
2.6	Machinery	19
3	Design of Mixing Units	20
3.1	Usual Operational Area	20
3.1.1	Central Mixers	20
3.1.2	Planetary Mixers	20
3.2	Examples for mixing products	20
3.2.1	Chemical Industry	20
3.2.2	Pharmaceutical Industry / Cosmetic Industry	20
3.2.3	Food Industry	21
3.3	Application of Mixing Units in Ex-Zones	21
3.3.1	Introduction	21
3.3.2	Ex-Protection in Mixing Units	21
3.4	Components of Mixing Units	23
3.4.1	Vacuum Equipment	23
3.5	Electrical Engineering	23

3.5.1	Introduction	23
3.5.2	Temperature measurement	24
3.5.3	Program control	25
3.6	Design of the Machine	26
3.6.1	Choice of Fabrication Material	26
3.6.2	Surface Design	27
3.6.3	Regulations and Guiding Rules	27
3.6.4	Safety Standards	27
3.6.5	Suitable design to allow ease of cleaning	27
3.6.6	Qualification and Validation	28
4	Central Mixers	30
4.1	Introduction	30
4.2	Standard Mobile Mixing Units	31
4.3	Mixing Units	31
4.4	Special Mixers	33
4.4.1	Double Dissolver Mixer HRZ-S 20-ex	33
4.4.2	Twin Shaft Dissolver Mixer HRZ-S 200	34
4.4.3	Container Mixing Units	35
4.4.4	Barrel Roll System HFR 200-ex	36
4.4.5	Magnetic Mixing Units	36
4.5	Mixing Tools	37
4.6	Application Examples	39
4.6.1	Vacuum Central Mixer HRZV-S 1-2 with rotating bowl	39
4.6.2	Vacuum Central Mixer HRZV-S 3-12-ex	40
4.6.3	Centrally mounted Mixing Unit HRZ-S 4 with rotary mixing bowl	42
4.6.4	Vacuum Central Mixer with Homogeniser HRZV 15-7 HO	42
4.6.5	Vacuum/Pressure Central Mixer with Homogeniser HRZVD-S 40 HO	43
4.6.6	Mobile Bowl Mixing Unit HRZ-M 60-ex	44
4.6.7	Mobile Centrally mounted Mixing Unit HRZ-S 200 HO	45
4.6.8	Vacuum Central Mixer HRZV-S 250	46
4.6.9	Vacuum/Pressure Mixing Unit HRZVD-S 150-300-ex	47

4.6.10	Bowl Mixer Unit HRZ-B 400	48
4.6.11	Coaxial Mixer HRZ-S 400 KO	49
4.6.12	Mobile Mixing Bowl HRZ-M 500	50
4.6.13	Vacuum Central Mixing Unit with Homogeniser HRZV-S 600 HO .	50
4.6.14	Vacuum Central Mixing Unit with Homogeniser HRZV-S 1000 HO	52
4.6.15	Vacuum-Coaxial Mixing Unit HRZV-S 1250 KO-ex	53
4.6.16	Vacuum-/Pressure Magnetic Mixing Unit HRZVD-B 1300 MA-ex .	54
5	Stand Mixers	55
5.1	Review	55
5.2	Model Types	55
5.3	Machine Technique	56
5.4	Special Designs	60
5.4.1	Overhead Crane Carriage Mixer HLKR-ex	60
5.5	Application Examples	61
5.5.1	Wall mounted vertical Stand Mixing Unit HRS-W 30-ex	61
5.5.2	Floor Stand Mixing Unit HRS-B 150	61
5.5.3	Wall Mounted Stand Mixer HRS-W 200	62
5.5.4	Wall mounted Stand Mixer HRS-W 200 for use with Containers . .	63
5.5.5	Floor Stand Mixing Unit HRS-B 200-ex	64
5.5.6	Mobile Stand Mixer HRS-F 200-ex	65
5.5.7	Mobile Stand Mixer HRS-F 1000	66
6	Planetary Mixers	68
6.1	Review	68
6.2	Construction Types	69
6.2.1	Product Models HR-S 2 to HR 10	71
6.2.2	Product Models HR 15 to HR 120	74
6.2.3	Product Models HR-S 100 to HR-S 1250	74
6.3	Customised Designs	75
6.3.1	Double Planetary Mixer	75
6.3.2	Detachable Planetary Mixer	75

6.3.3	A Combination of a Planetary and a Central Mixing Unit	75
6.4	Machine Technique	76
6.4.1	Planetary Gear	76
6.4.2	Totally enclosed Planetary Gear	76
6.4.3	Equipment Design	78
6.4.4	Mixing Tools	79
6.5	Application Examples	81
6.5.1	Vacuum Laboratory Mixing Unit HRV-S 2-ex	81
6.5.2	Vacuum-Double-Planetary Mixing Unit HRV-S 2 DP	82
6.5.3	Vacuum Double Planetary Mixer HRV-S 2-4 DP	83
6.5.4	Vacuum Planetary Mixer HRV-S 3	83
6.5.5	Vacuum-Planetary Mixer HRV-S 7	83
6.5.6	Planetary Mixer HR-S 25	85
6.5.7	Vacuum Double Planetary Mixer HRV-K 30 DP	85
6.5.8	Vacuum Double Planetary Mixer HRV 40-60 DP	86
6.5.9	Planetary Mixer HR-S 100	87
6.5.10	Double Planetary Mixer HR-S 120 DP	87
6.5.11	Vacuum-Planetary Mixing Unit with Homogeniser HRV-S 500 HO	89
6.5.12	Vacuum-/Pressure Planetary Mixer Unit HRVD-K 700 HO	89
6.5.13	Double Planetary Mixer HR-S 1000 DP	91
7	Rotor-Stator-System (Homogeniser)	92
7.1	Review	92
7.2	Inline-Homogeniser	92
8	Bowl Discharge Systems	96
8.1	Introduction	96
8.2	Product Pumps	96
8.3	Bowl Discharge Systems for high viscous Products	96
8.4	Evacuation Piston	102
8.5	Bowl Tilting Device	104
